

Front of card

Card is 4.25" x 2.75" in size.

Back of card

Corks are wonderful if you want to seal a bottle for years, but they can also be awkward: difficult to remove or re-insert. Wine stoppers are perfect for those times when you want to bring pre-opened bottles to table for ease in serving but need to protect the wine from excessive exposure to air, or when it takes more than one sitting to finish a bottle. Henrietta Glass wine stoppers are handblown in Rhode Island, with graduated rubber rings allowing them to fit a variety of bottle-sizes.

Please note: These wine stoppers are designed for short-term use. They will not create the water-tight seal necessary for horizontal storage.
